

AUTHENTICATION IN ART

The Authentication in Art Award 2016

The Authentication in Art Foundation (AiA) hereby announces the AiA Award 2016
a monetary grant of € 10.000,-.

The main goal of the AiA has from the very beginning been to stimulate dialogue on the authenticity of paintings in all its different aspects. To realise the goals of AiA several initiatives are set up, launched and implemented in the art field. To positively support more initiatives concerning authentication aspects AiA will launch the 'Authentication in Art Award 2016'. The AiA Foundation will award promising new research, new analytical tools and/or methodologies. It is based on gifts from several important sponsors and private collectors, who have made a sum of € 10.000, - available for the AiA Award 2016. This sum can be fully awarded to one project or be divided over several projects. Beside the monetary grant, AiA will provide specialised support from their network to award-winning application(s). The decision of which project(s) will receive the award will be made by the AiA Award Committee, which will consist of several international and independent experts from the fields of art history, law, sciences, education and/or the art market.
