

AUTHENTICATION IN ART

The AiA Foundation welcomes 2016

The most important event for AiA in the New Year will be the
AiA Congress
11-13 May 2016 in The Hague, The Netherlands

The AiA Congress program will be launched in January and reflects the ambitions and goals of AiA: being the international platform for transparent ethics and professional discussion on authentication matters in the field of paintings.

The AiA Congress 2016 is *the* network event for art collectors, collector advisors, artists, art historians, painting conservators, scientific conservators, chemists, physicists, students, investors, autoneers, art dealers, legists, representatives of public and private entities.

Key issues of the AiA Congress 2016 are Technical Art History, Education and E-related initiatives.
